Dear Mr. Davids

It is our pleasure to take the time to contact you with our sincerest gratitude, for the services that you and your team at CMBSC have provided us.

At the time we first called you; we were in the midst of a face-lift for our car dealership and had discovered some significant structural damage. From the time we called until the time we had the work completed, you and your team were prompt, professional and courteous at all times. You took our concerns seriously and made us a priority at such short notice.

The additional work that you completed for us relating to our roofing aided in resolving leaks that we had endured for many, many years! Needless to say, we are extremely happy with the levels of service from all areas of your company. We would not hesitate to employ your services again, and would highly recommend you to anyone who could use your expertise.

Again, many thanks from Al Packer Ford West for helping improve our facility.

Yours Sincerely
